

# Colorado Springs

## • TRAIL ETIQUETTE •

### STAY ON THE TRAIL

Please remain on the trail to avoid damaging fragile flora and alpine tundra, which could take years to recover.

### KNOW WHEN TO YIELD

Uphill hikers have the right-of-way and are working hard to maintain momentum. Bikers should yield the trail to hikers, and both bikers and hikers need to yield to equestrians.

### PASS ON THE LEFT

Please stay on the right side of trails, allowing other users to pass on the left. Large groups should hike single file to avoid taking up the entire path.

### KNOW THE DOG RULES

Some areas allow dogs to legally be off leash, but most have a leash law. Please consider leashing your dog if the trail is crowded and remember to pick up after your pet.

### LEAVE NO TRACE

Please pack out all trash, including dog waste and summit signs. Don't remove or vandalize any part of the outdoor environment.

## USING E-BIKES

Where are ebikes permitted in Colorado Springs?

OPEN SPACES /  
LARGE PARKS

PIKES PEAK  
GREENWAY

HARD SURFACED  
REGIONAL TRAILS

MULTI-USE
