## BREW GURU

Do you find inner peace sipping a crafted cuppa joe or cocktail? Welcome to beverage Nirvana.

The keys to becoming a brew guru is through extensive knowledge of the craft and tasting it for yourself. Colorado Springs is the ideal place to learn all things brewed from more than 30 craft brewery experts and countless coffee shops. You too can become a beverage aficionado as you sip, swirl and savor top brews.

Let our java masters start you on the path to espresso enlightenment. Taste your way through a variety of coffee, from robust and earthy undertones, to sweet and floral notes. Relax into one of our many cozy coffee shops for an intimate setting, perfect for dates or mindful mornings.

If you prefer brews with a bite, enjoy a hand-crafted beer or distilled beverage at one of our numerous alehouses. Draft-masters create varieties to please every taste bud. Take a tour through traditional pubs and eclectic taverns to find the beverage that suits you. Try a little bit of everything with a flight, offered at most tap houses.

The brew business in Colorado Springs is rich and robust, steeped in creativity

with dedication to quality. Whether you prefer your brew caffeinated, full of hops or aged in a barrel, these establishments are sure to have you singing a new mantra.

See page 52 for a list of our Coffee partners and page 54 for a list of our Craft Beverage partners. ■
